

Employer Workers' Compensation Coverage Now Online

Now you can find workers' compensation coverage information online! Simply go to the Workers' Compensation Division's Web site, wcd.oregon.gov, look under **Employers**, then click on **Search Employer Coverage Database**.

Proof of Coverage Search - This is the page you will want to save to favorites.

Search by Business/DBA name or Address. The policy number search will be available in the future, but is not available yet.

Search by Business Information	
Business Name	<input type="text"/>
Address	<input type="text"/>
City	<input type="text"/>
State	<input type="text"/> ▼
<input type="button" value="Search Business"/>	
Search by Policy Number	
Policy Number	** Coming soon

Search Guidelines:

- Data is updated every night, is available 24 hours a day, and any results found are from our proof of coverage database. Do not take the absence of data to mean there is no coverage.
- The online search does not include self-insured employers or worker leasing client employers at this time, but we are planning to add it in the near future.
- Using fewer search fields is more productive.
- The proof of coverage database uses both primary insured names and covered employer location names. The most effective approach is to use a word or two from the employer's name.
- Once you obtain a result, carefully check the employer's name and address information to make sure you have the correct employer/insurer you're looking for.

If you can not find what you need or doubt your search results, check with the employer, insurer, or call the Workers' Compensation Division Employer Index Line at 503-947-7814. If you need an employer's coverage history (with dates of injury older than three years) or you do not find a particular employer listed (the result of your search is "No Records found which match your criteria"), you may call the employer directly or call the Employer Index Line at 503-947-7814. You can also send an e-mail to wcd.employerinfo@state.or.us.
