RULE SUMMARY

General changes to OAR chapter 436: The agency proposes to correct typographical and citation errors, delete duplicate requirements, clarify or relocate some provisions, and streamline processes. To the extent that these changes may substantially affect the meaning of the rules, they are described below.

The agency proposes to amend OAR chapter 436, division 001, "Procedural Rules Governing Rulemaking and Hearings." These proposed rules address: The applicability of the rules; notice of rulemaking; distribution of exhibits; content of exceptions; stay of director review; time limits for attorneys to submit statements of services; and administrative law judge authority to approve settlements and dismiss cases.

The agency proposes to amend OAR chapter 436, division 009, "Oregon Medical Fee and Payment Rules." These proposed rules address: Adoption of updated medical fee schedules and resources for the payment of health care providers; time frames for refunds of overpaid medical bills and related appeal rights; compensability of lumbar artificial disc replacements; electronic data interchange medical reporting requirements; adjustment of the conversion factors for evaluation/management (increase) and surgery (decrease); reduction of the maximum allowable fee for brand and generic drugs from 88% to 83.5% of the average wholesale price; and reduction of the dispensing fee from \$8.70 to \$2.00.

The agency proposes to amend OAR chapter 436, division 010, "Medical Services." These proposed rules address: Treatment and time-loss authority time limits applicable to several health care provider types; how the enrollment of a nonsubject worker in an MCO affects the worker's maximum number of choices of attending physician; contraindications to lumbar artificial disc replacement; and requirements for the worker's social security number on Form 827.

The agency proposes to amend OAR chapter 436, division 015, “Managed Care Organizations” (MCOs). These proposed rules address: MCO certification requirements relevant to the definition of the terms “group” (of medical service providers) and “non-qualifying employer”; requirements for MCOs to contract with multiple insurers; documentation requirements for prospective MCOs (applicants); MCO quarterly data reporting; wording of appeal rights notices that MCOs must provide to parties that may appeal an MCO's decision; appeal time frames; and the process for making complaints about rule violations.

The agency proposes to amend OAR chapter 436, division 030, “Claim Closure and Reconsideration,” division 040, “Workers with Disabilities Program,” and division 045, “Reopened Claims Program.” These proposed rules: Correct the applicability provisions in rules 030-0003, 040-0003, and 045-0003; and repeal OAR 436-040-0100, “Suspension and Revocation of Authorization to Issue Guaranty Contracts” (because this rule duplicates OAR 436-050-0015).

The agency proposes to amend OAR chapter 436, division 050, “Employer/Insurer Coverage Responsibility.” These proposed rules address: The definition of “complete records”; service of penalty orders; the definition of “owner of the private home” to include any person related by an Oregon registered domestic partnership; effect on a guaranty contract of an employer’s cancellation of coverage; in-state claims processing requirements and allowance for claims to be “dispatched” from any location, record-keeping, including record-keeping for supplemental disability benefits; elimination of the requirement to include workers’ social security numbers on lists of claims provided to the director when an insurer or self-insured employer transfers claims to a new processor/location; that excess insurance coverage may include a deductible endorsement acceptable to the director; time frames for a self-insured municipality to provide its annual report to the director; notice to the director when the self-insured employer changes its operation in a manner that affects its workers’ compensation claims liability; and in-state record-keeping, claims processing, auditing procedures, and required reporting of contact information specific to self-insured employers.

The agency proposes to amend OAR chapter 436-110, “Preferred Worker Program.” These proposed rules address: Issuance of Preferred Worker cards to workers determined eligible before claim closure; and time frames for insurers to request claim cost reimbursement from the Workers’ Benefit Fund.

The agency proposes to amend OAR chapter 436-160, “Electronic Data Interchange.” These proposed rules address: Requirements for trading partner agreements; address reporting requirements; adding and deleting coverage for non-subject workers; time frames for notice to the director of guaranty contract terminations (correction to ten days from seven days to be consistent with requirements in OAR 436-050); elimination of the requirement that insurers submit cancellations of medical bills before resubmitting; and EDI medical reporting requirements.

Request for public comment: The Workers’ Compensation Division requests public comment on whether other options should be considered for achieving the rules’ substantive goals while reducing the negative economic impact of the rules on business.

Proposed rules affecting workers' compensation insurance, claims processing, medical treatment, and return-to-work assistance.

Statutory Authority: ORS 656.726(4)

Other Authority:

Statutes Implemented: ORS chapter 656

Need for the Rule(s): The agency is proposing changes: to update the medical fee schedules as required by ORS 656.248; to implement House Bill 2007 affecting domestic partners; to begin to implement Senate Bill 559 affecting how insurers report proof of workers' compensation insurance coverage to the agency; to establish standards for electronic data interchange of medical and coverage data; to ensure insurers and self-insured employers keep sufficient records in Oregon for agency audits; to streamline certain procedures affecting the Preferred Worker Program; and to make other changes consistent with the director's responsibilities under ORS 656.726(4).

Documents Relied Upon, and where they are available: "Issues" documents presented to stakeholder advisory committees; advisory committee meeting minutes; written advice from advisory committee members and other interested parties. These records are available for public inspection in the Administrator's Office, Workers' Compensation Division of the Department of Consumer and Business Services, 350 Winter Street NE, Salem, Oregon 97301-3879, upon request and between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday. Please call (503) 947-7717 to request copies.

Fiscal and Economic Impact, including Statement of Cost of Compliance: Unless stated otherwise, references to "insurers" (below) include "self-insured employers." The following is a list of significant estimated fiscal/economic impacts on persons and organizations affected by OAR chapter 436:

OAR chapter 436, division 009, "Oregon Medical Fee and Payment Rules"

- Adoption by reference of Centers for Medicare & Medicaid Services (CMS) 2008 Medicare Resource-Based Relative Value Scale (RBRVS), Addendum B and Addendum C, 72 Federal Register No. 227, Nov. 27, 2007, as the fee schedule for payment of medical service providers, except as otherwise provided in the rules

The agency projects, due to some changes in the CMS relative value units for 2008, that adoption of the RBRVS would decrease overall medical payments that are subject to the RBRVS by approximately \$350,000, or -0.18%.

- Increasing the conversion factor for the service category "Evaluation/Management" (E&M) from \$59.79 to \$64.79 and decreasing the conversion factor for Surgery from \$93.66 to \$86.44

The agency projects an annual increase in E&M reimbursements of approximately \$2 million and a decrease in Surgery reimbursements of approximately \$2 million. Data available to the agency shows payments for E&M services average 9% above the maximums allowed during calendar year 2007, while payments for surgery average 26% below the maximums allowed. The purpose of these changes is to better align these components of the fee schedule with reimbursement generally received for the services provided, as required under ORS 656.248(1); in addition, access to high quality E&M services is critical in promoting early, effective treatment, improving long-term outcomes, and promoting early return to work.

- Maintaining the other conversion factors at 2007 levels

Overall, the agency projects that keeping the conversion factors at 2007 levels will result in reduced net income for some medical providers, because providers' business costs are rising. Between 2006 and 2007, the Physicians' Services Component of the Consumer Price Index increased by 4.04%. Relative to increasing the conversion factors by the 2006-2007 CPI increase, 4.04% is the approximate, potential, maximum effect on Oregon medical providers as a whole; effects on individual providers may be more or less depending on the types of services provided. However, available medical billing data shows that average payments in the following service categories are below the maximums allowed during calendar year 2007: Surgery, Radiology, Lab & Pathology, Medicine, Physical Medicine and Rehabilitation, and Multidisciplinary/Other Oregon-Specific Codes. For those medical providers that bill below the maximums, maintaining the 2007 levels will have no direct fiscal impact.

- Reducing the maximum allowable fee for brand and generic drugs from 88% to 83.5% of the average wholesale price (AWP); reducing the dispensing fee from \$8.70 to \$2.00

Under ORS 656.248(1), the director must adopt fee schedules that “* * * represent reimbursement generally received for the services provided.” The proposed rates are more consistent with rates paid for brand name drugs in other parts of the health care system, while generic drug fees would remain above fees under some widely accepted benefit plans. The agency projects that proposed rule changes would reduce annual drug payments by approximately \$3.6 million, or 21.8% of total pharmacy payments.

- Restricting compensability of lumbar artificial disc replacements

Under ORS 656.245(3), the director may exclude from compensability any medical treatment the director finds to be unscientific, unproven, outmoded, or experimental. Based on the advice of the Medical Advisory Committee, the director proposes to exclude artificial disc replacements from compensability unless the devices and the patients meet specific conditions – with the goal to improve patient outcomes. Improved patient outcomes should lower overall medical costs paid by insurers. Restrictions affecting artificial disc replacement could have a slight negative fiscal impact on surgeons who perform disc replacements, though surgeons may perform other procedures on patients that do not meet the criteria for disc replacement. Artificial disc replacement is not a commonly used procedure, so the overall fiscal impact should be small.

OAR chapter 436, division 010, “Medical Services”

- Contraindications to lumbar artificial disc replacement

See analysis under OAR 436-009 regarding “Restricting compensability of lumbar artificial disc replacements”

OAR chapter 436, division 015, “Managed Care Organizations” (MCOs)

- Reduced documentation requirements for prospective MCOs (applicants)

The agency projects a small savings for applicant MCOs.

OAR chapter 436, division 050, “Employer/Insurer Coverage Responsibility”

- Required record-keeping for supplemental disability benefits (SDB)

The agency projects that insurers that have elected to process SDB will incur small initial costs to establish record-keeping procedures, plus some on-going costs to track eligibility and payments. The majority of insurers have elected to refer affected claims to the agency's contracted agent for processing;

for these companies there would be no fiscal impact. The few companies that process their own SDB claims are reimbursed by the agency for SDB claims costs from the Workers' Benefit Fund. Included in these reimbursements is an administrative cost factor, most recently 17.15%, which is intended to cover the costs to process claims, including associated record-keeping.

OAR chapter 436-110, "Preferred Worker Program"

- Issuance of Preferred Worker cards to workers determined eligible before claim closure
The agency projects a small positive fiscal impact on affected workers - those who can receive Preferred Worker cards earlier and use them to obtain employment.
 - Expanded time frames for insurers to request claim cost reimbursement from the Workers' Benefit Fund
The agency projects a small positive fiscal impact on employers whose insurers can obtain reimbursement of claims costs even if the insurer is informed about eligibility late – after existing deadlines for requesting reimbursement would have expired. Affected insurers would reimburse their insured employers for any premiums and premium assessments paid during the premium exemption period.
-

Regarding additional proposed changes to chapter 436, including amendments to OAR 436-001, 030, 040, 045, and 160

The agency estimates that additional changes will not have a significant economic impact on any persons or businesses, including small businesses.

How were small businesses involved in the development of this rule?

Representatives of small businesses participated in the stakeholder advisory committee. Small businesses affected by these rules are primarily medical providers and pharmacies.

Cost of compliance effect on small businesses:

Estimated number of small businesses subject to the proposed rule:

Based on available data, we estimate approximately 12,000 medical providers and 110 pharmacies are small businesses, as defined in ORS 183.310(10).

Identify the types of businesses and industries with small businesses subject to the proposed rule:

Oregon medical providers
Oregon pharmacies

Describe the projected reporting, record-keeping and other administrative activities required for compliance with the proposed rule, including costs of professional services:

Reporting: The proposed changes do not require increased reporting for small businesses.

Record-keeping: The proposed changes do not require increased record-keeping for small businesses.

Other administrative activities and costs of professional services:

The agency projects that, due to some changes in the Centers for Medicare & Medicaid Services (CMS) relative value units for 2008, adoption of the CMS schedule would decrease overall medical payments that are subject to the schedule by approximately \$350,000, or -0.18%.

The agency projects that increasing the conversion factor for the service category Evaluation/Management (E&M) from \$59.79 to \$64.79 will increase reimbursements for E&M services by approximately \$2 million.

The agency projects that decreasing the conversion factor for Surgery from \$93.66 to \$86.44 will decrease reimbursements for surgical services by approximately \$2 million.

Overall, the agency projects that keeping the remaining conversion factors at 2007 levels will result in reduced net income for some medical providers, because providers' business costs are rising. Between 2006 and 2007, the Physicians' Services Component of the Consumer Price Index increased by 4.04%. Relative to increasing the conversion factors by the 2006-2007 CPI increase, 4.04% is the approximate, potential, maximum effect on Oregon medical providers as a whole; effects on individual providers may be more or less depending on the

types of services provided. However, available medical billing data shows that average payments in the following service categories are below the maximums allowed during calendar year 2007: Surgery, Radiology, Lab & Pathology, Medicine, Physical Medicine and Rehabilitation, and Multidisciplinary/Other Oregon-Specific Codes. For those medical providers that bill below the maximums, maintaining the 2007 levels will have no direct fiscal impact.

The agency projects that reducing the maximum allowable fee for drugs from 88% to 83.5% of the average wholesale price, and reducing the dispensing fee from \$8.70 to \$2.00 would reduce annual drug payments by approximately \$3.6 million, or 21.8% of total pharmacy payments.

Extent of economic impact: The proposed changes to the conversion factors and pharmacy fees for brand name drugs would better align the medical fee schedules with reimbursement generally received for the services provided, as required under ORS 656.248(1). The proposed changes to pharmacy fees for generic drugs continue to provide a significantly higher reimbursement than some widely accepted pharmacy benefit plans. There is no basis to say that economic impacts would be “significantly adverse” (under ORS 183.540), but we invite public testimony on the probable extent of the impact.

Identify equipment, supplies, labor and increased administration required for compliance with the proposed rule:

Equipment: The proposed changes do not require the purchase of equipment to achieve compliance.

Supplies: The proposed changes do not require the purchase of supplies to achieve compliance.

Labor: The proposed changes do not require that small businesses hire additional staff to achieve compliance.

Administration: The proposed changes do not require increased administration to achieve compliance.

Extent of economic impact: There is no basis to say that any impacts would be “significantly adverse” (under ORS 183.540), but we invite public testimony on the probable extent of the impact.

Administrative Rule Advisory Committee consulted:

Yes, advisory committees met on Jan. 25, Feb 11, and Feb. 25, 2008.

The agency asked the committees for advice on the economic impacts of the discussed changes, including impacts on small businesses.

436-009-0008 Administrative Review Before the Director

(1)(a) The director has exclusive jurisdiction to resolve all disputes concerning medical services including treatment, medical fees and non-payment of compensable medical bills. The director may, on the director's own motion, initiate a medical service review at any time. A party need not be represented to participate in the administrative review before the director.

(b) Any party may request the director provide voluntary alternative dispute resolution after a request for administrative review or hearing is filed. When a dispute is resolved by agreement of the parties to the satisfaction of the director, the director will put the agreement in writing; or the parties shall put any agreement in writing for approval by the director. If the dispute is not resolved through alternative dispute resolution, the director will issue an order.

(2) The medical provider, injured worker, or insurer may request review by the director in the event of a dispute about either the amount of a fee or non-payment of bills for medical services on a compensable injury. The following time frames and conditions apply to requests for administrative review before the director under this rule:

(a) For all MCO enrolled claims where a party disagrees with an action or decision of the MCO, the aggrieved party shall first apply to the MCO for dispute resolution within 30 days pursuant to OAR 436-015-0110. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation, the 30 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. Administrative review by the director must be requested within 60 days of issuance of the MCO's final decision under the MCO's dispute resolution process. If a party has been denied access to the MCO dispute process or the process has not been completed for reasons beyond a party's control, the party may request director review within 60 days of the failure of the MCO process. If the MCO does not have a process for resolving fee and billing disputes, the insurer shall advise the medical provider or worker that they may request review by the director.

ORDER NO. XX-XXX

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION**
Proposed **OREGON MEDICAL FEE AND PAYMENT RULES**

(b) For all claims not enrolled in an MCO, or for disputes which do not involve an action or decision of the MCO, the aggrieved party must request administrative review by the director within 90 days of the date the party knew, or should have known, there was a dispute over the provision of medical services. This time frame only applies if the aggrieved party other than the insurer is given written notice that they have 90 days in which to request administrative review by the director. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation, the 90 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. For purposes of this rule, the date the insurer should have known of the dispute is the date action on the bill was due pursuant to OAR 436-009-0030. Filing a request for administrative review under this rule may also be accomplished in the manner prescribed in OAR chapter 438, division 005.

(c) When an insurer determines it has overpaid a provider for a medical service, ~~it may request review by the director within 90 days of the date payment was issued~~ **the insurer may request a refund to recover the overpayment from the provider within one year from the date of the overpayment. If the provider fails to respond to the insurer's request or disagrees that an overpayment occurred, the insurer may request review by the director within 90 days of requesting the refund.**

(d) Under ORS 656.704(3)(c), when there is a formal denial of the underlying condition or a denial of the causal relationship between the medical service and the accepted condition, the issue may first be decided by the Hearings Division of the Workers' Compensation Board.

(3) Parties must submit requests for administrative review to the director in the form and format prescribed by the director. When an insurer or the worker's representative submits a request without the required information, at the director's discretion the administrative review may not be initiated until the information is submitted. Unrepresented workers may contact the director for help in meeting the filing requirements. The requesting party must simultaneously notify all other interested parties of the dispute, and their representatives, if known, as follows:

- (a) Identify the worker's name, date of injury, insurer, and claim number.
- (b) Specify the issues in dispute and the relief sought.
- (c) Provide the specific dates of the unpaid disputed treatment or services.

(d) If the request for review is submitted by either the insurer or medical provider, it shall state specific code(s) of service(s) in dispute and include sufficient documentation to support the review request, including but not limited to copies of original CMS bills, chart notes, bill analyses, operative reports, any correspondence between the parties regarding the dispute, and any other documentation necessary to evaluate the dispute. The insurer or medical provider requesting review shall certify that they have provided all involved parties a copy of:

- (A) The request for review; and
 - (B) Any attached supporting documentation; and
 - (C) If known, an indication of whether or not there is an issue of causation or compensability of the underlying claim or condition.
- (4) The division will investigate the matter upon which review was requested.

ORDER NO. XX-XXX

Proposed **OREGON MEDICAL FEE AND PAYMENT RULES**

(a) The investigation may include, but not be limited to, request for and review of pertinent medical treatment and payment records, interviews with the parties to the dispute, or consultation with an appropriate committee of the medical provider's peers.

(b) Upon receipt of a written request for additional information, the party must respond within 14 days.

(c) A dispute may be resolved by agreement between the parties to the dispute. When the parties agree, the director may issue a letter of agreement in lieu of an administrative order, which will become final on the 10th day after the letter of agreement is issued unless the agreement specifies otherwise. Once the agreement becomes final, the director may revise the agreement or reinstate the review only under one or more of the following conditions:

(A) A party fails to honor the agreement;

(B) The agreement was based on misrepresentation;

(C) Implementation of the agreement is not feasible because of unforeseen circumstances; or

(D) All parties request revision or reinstatement.

(5) The director may on the director's own motion reconsider or withdraw any order that has not become final by operation of law. A party may also request reconsideration of an administrative order upon an allegation of error, omission, misapplication of law, incomplete record, or the discovery of new information which could not reasonably have been discovered and produced during the review. The director may grant or deny a request for reconsideration at the director's sole discretion. A request must be mailed to the director before the administrative order becomes final.

(6) Hearings before an administrative law judge: Under ORS 656.704(2), any party that disagrees with an action or order of the director under these rules may request a hearing by filing a request for hearing as provided in OAR 436-001-0019 within 30 days of the mailing date of the order or notice of action. OAR 436-001 applies to the hearing.

(7) Contested case hearings of sanction and civil penalties: Under ORS 656.740, any party that disagrees with a proposed order or proposed assessment of a civil penalty issued by the director under ORS 656.254, or 656.745 may request a hearing by the Hearings Division of the Workers' Compensation Board as described in OAR 436-010-0008(14).

(8) Director's administrative review of other actions: Any party seeking an action or decision by the director or aggrieved by an action taken by any other party, not covered under sections (1) through (7) of this rule, according to these rules, may request administrative review by the director as follows:

(a) A written request for review must be sent to the administrator of the Workers' Compensation Division within 90 days of the disputed action and must specify the grounds upon which the action is contested.

(b) The division may require and allow such input and information as it deems appropriate to complete the review.

436-009-0010 General Requirements for Medical Billings

(1) Only treatment that falls within the scope and field of the practitioner's license to practice will be paid under a worker's compensation claim.

(2) Billings must include the worker's full name and date of injury, the employer's name and, if available, the insurer's claim number and the provider's NPI. If the NPI is not available, then the provider must provide its license number and FEIN. For provider types not licensed by the state, "999999" must be used. All medical providers must submit bills to the insurer or managed care organization, as provided by their contract for medical services, on a completed current UB-04 (CMS 1450) or CMS 1500 form, except for:

(a) Dental billings, which must be submitted on American Dental Association dental claim forms;

(b) Pharmacy billings, which must be submitted on the most current National Council for Prescription Drug Programs (NCPDP) form; and

(c) EDI transmissions of medical bills under OAR 436-009-0030(3)(c).

(d) Computer-generated reproductions of forms referenced in subsections (2)(a) and (b) may also be used.

(3)(a) All original medical provider billings must be accompanied by legible chart notes documenting services which have been billed and identifying the person performing the service and license number of the person providing the service. Medical providers are not required to provide their license number if they are already providing a national identification number.

(b) When processing billings via EDI, the insurer may waive the requirement that billings be accompanied by chart notes. The insurer remains responsible for payment of only compensable medical services. The medical provider may submit their chart notes separately or at regular intervals as agreed with the insurer.

(4) When billing for medical services, a medical service provider must use codes listed in CPT[®] ~~2007~~**2008** or Oregon Specific Codes (OSC) that accurately describe the service. If there is no specific CPT[®] code or OSC, a medical service provider must use the appropriate HCPCS code, if available, to identify the medical supply or service. Pharmacy billings must use the National Drug Code (NDC) to identify the drug or biological billed. A "zz" modifier must be used when billing electronically for services that use an OSC.

(a) If there is no specific code for the medical service, the medical service provider shall use the appropriate unlisted code from HCPCS or the unlisted code at the end of each medical service section of CPT[®] ~~2007~~**2008** and provide a description of the service provided.

(b) Any service not identifiable with a code number must be adequately described by report.

ORDER NO. XX-XXX

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION**
Proposed **OREGON MEDICAL FEE AND PAYMENT RULES**

(5) Medical providers must submit billings for medical services in accordance with this section.

(a) Bills must be submitted within:

(A) 60 days of the date of service.

(B) 60 days after the medical provider has received notice or knowledge of the responsible workers' compensation insurer or processing agent; or

(C) 60 days after any litigation affecting the compensability of the service is final, if the provider receives written notice of the final litigation from the insurer.

(b) A medical service billing submitted later than the time frames in subsection(a) of this section may be payable in full if the provider establishes good cause for submitting the bill late. Good cause may include, but is not limited to, such issues as extenuating circumstances or circumstances considered outside the control of the provider.

(c) A bill rendered over twelve months after the date of service is not payable, except when a provision of subsection (a) of this section is the reason the billing was rendered after twelve months.

(6) When rebilling, medical providers must indicate that the charges have been previously billed.

(7) The medical provider must bill their usual fee charged to the general public. The submission of the bill by the medical provider shall serve as a warrant that the fee submitted is the usual fee of the medical provider for the services rendered. The department shall have the right to require documentation from the medical provider establishing that the fee under question is the medical provider's usual fee charged to the general public. For purposes of this rule, "general public" means any person who receives medical services, except those persons who receive medical services subject to specific billing arrangements allowed under the law which require providers to bill other than their usual fee.

(8) Medical providers shall not submit false or fraudulent billings, including billing for services not provided. As used in this section, "false or fraudulent" means an intentional deception or misrepresentation with the knowledge that the deception could result in unauthorized benefit to the provider or some other person. A request for pre-payment for a deposition is not considered false or fraudulent.

(9) When a worker with two or more separate compensable claims receives treatment for more than one injury or illness, costs must be divided among the injuries or illnesses, irrespective of whether there is more than one insurer.

(10) Workers may make a written request to a medical provider to receive copies of medical billings. Upon receipt of a request, the provider may furnish the worker a copy during the next billing cycle, but no later than 30 days following receipt of the request. Thereafter, worker copies must be furnished during the regular billing cycle.

436-009-0015 Limitations on Medical Billings

(1) An injured worker is not liable to pay for any medical service related to an accepted compensable injury or illness or any amount reduced by the insurer according to OAR chapter 436. A medical provider shall not attempt to collect payment for any medical service from an injured worker, except as follows:

(a) When the injured worker seeks treatment for conditions not related to the accepted compensable injury or illness;

(b) When the injured worker seeks treatment that has not been prescribed by the attending physician or authorized nurse practitioner, or a specialist physician upon referral of the attending physician or authorized nurse practitioner. This would include, but not be limited to, ongoing treatment by non-attending physicians in excess of the 30-day/12-visit period or by nurse practitioners in excess of the 90-day period, as set forth in ORS 656.245 and OAR 436-010-0210;

(c) When the injured worker seeks palliative care that is either not compensable or not authorized by the insurer or the director under OAR 436-010-0290, after the worker has been provided notice that the worker is medically stationary;

(d) When the injured worker seeks treatment outside the provisions of a governing MCO contract after insurer notification in accordance with OAR 436-010-0275; or

(e) When the injured worker seeks treatment after being notified that such treatment has been determined to be unscientific, unproven, outmoded, or experimental.

(2) A medical provider may not charge any fee for completing a medical report form required by the director under this chapter or for providing chart notes required by OAR 436-009-0010(3) of this rule.

(3) The medical provider may not charge a fee for the preparation of a written treatment plan and the supplying of progress notes that document the services billed as they are integral parts of the fee for the medical service.

(4) No fee is payable for the completion of a work release form or completion of a PCE form where no tests are performed.

(5) No fee is payable for a missed appointment except a closing examination or an appointment arranged by the insurer or for a Worker Requested Medical Examination. Except as provided in OAR 436-009-0070 (9)(d) and (10)(d), when the worker fails to appear without providing the medical provider at least 24 hours notice, the medical provider shall be paid at 50 percent of the examination or testing fee.

(6) Under ORS 656.245 (3), the director has excluded from compensability the following medical treatment. While these services may be provided, medical providers shall not be paid for the services or for treatment of side effects.

(a) Dimethyl sulfoxide (DMSO), except for treatment of compensable interstitial cystitis,

(b) Intradiscal electrothermal therapy (IDET)

(c) Surface EMG (electromyography) tests,

(d) Rolwing,

(e) Prolotherapy, ~~and~~

(f) Thermography, and

(g) Lumbar artificial disc replacement, unless it is a single level replacement with an unconstrained or semi-constrained metal on polymer device and:

(A) The single level artificial disc replacement is between L3 and S1;

(B) The injured worker is between the age of 16 and 60;

(C) The injured worker underwent a minimum of 6 months unsuccessful exercise based rehabilitation; and

(D) The procedure is not found inappropriate under OAR 436-010-0230(13) and (14).

(7) Only one office visit code may be used for each visit except for those code numbers relating specifically to additional time.

(8) Mechanical muscle testing may be paid a maximum of three times during a treatment program when prescribed and approved by the attending physician or authorized nurse practitioner: once near the beginning, once near the middle, and once near the end of the treatment program. Additional mechanical muscle testing shall be paid for only when authorized in writing by the insurer prior to the testing. The fee for mechanical muscle testing includes a copy of the computer printout from the machine, written interpretation of the results, and documentation of time spent with the patient.

(9)(a) When a physician or authorized nurse practitioner provides services in hospital emergency or outpatient departments which are similar to services that could have been provided in the physician's or authorized nurse practitioner's office, such services shall be identified by CPT[®] codes and paid according to the fee schedule.

(b) When a worker is seen initially in an emergency department and is then admitted to the hospital for inpatient treatment, the services provided immediately prior to admission shall be considered part of the inpatient treatment. Diagnostic testing done prior to inpatient treatment shall be considered part of the hospital services subject to the hospital fee schedule.

(10) Physician assistant, authorized nurse practitioner, or out-of-state nurse practitioner fees shall be paid at the rate of 85 percent of a physician's allowable fee for a comparable service. The bills for services by these providers must be marked with modifier "-81". Chart notes shall document when medical services have been provided by a physician assistant or nurse practitioner.

(11) Except as otherwise provided in OAR 436-009-0070, when a medical provider is asked to prepare a report, or review records or reports prepared by another medical provider, an insurance carrier or their representative, the medical provider should bill for their report or review of the records utilizing CPT[®] codes such as 99080. Refer to specific code definitions in the CPT[®] for other applicable codes. The billing should include documentation of the actual time spent reviewing the records or reports.

436-009-0020 Hospital Fees

(1) Hospital inpatient charges billed to insurers must include ICD-9-CM diagnostic and procedural codes. Hospitals must include their NPI on all bills. Unless otherwise provided for by a governing MCO contract, insurers must pay hospitals for inpatient services using the current adjusted cost/charge ratio (see Bulletin 290). For purposes of this rule, hospital inpatient services include, but are not limited to, those bills coded "111" through "118" in space #4 on the UB-04 billing form. The audited bill must be multiplied by the hospital's adjusted cost/charge ratio to determine the allowable payment.

(2) Hospital outpatient charges billed to insurers must include revenue codes, ICD-9-CM diagnostic and procedural codes, CPT[®] codes, HCPCS codes, and National Drug Codes (NDC), where applicable. Hospitals must include their NPI on all bills. Unless otherwise provided for by a governing MCO contract, insurers must pay hospitals for outpatient services according to the following: the insurer must first separate out and pay charges for services by physicians and other licensed medical service providers assigned a code under the CPT[®] and assigned a value in RBRVS for physician fees as identified by the revenue codes indicating professional services. These charges must be subtracted from the total bill and the adjusted cost/charge ratio applied only to the balance. For all outpatient therapy services (physical therapy, occupational therapy, and speech language pathology), use the **Physician work RVUs, Year 2007-2008** transitional non-facility ~~total~~ **PE RVUs, and Malpractice RVUs** columns. All other charges billed using both the hospital name and tax identification number will be paid as if provided by the hospital.

(3) Each hospital's CMS 2552 form and financial statement shall be the basis for determining its adjusted cost/charge ratio. If a current form 2552 is not available, then financial statements may be used to develop estimated data. If the adjusted cost/charge ratio is determined from estimated data, the hospital will receive the lower ratio of either the hospital's last published cost/charge ratio or the hospital's cost/charge ratio based on estimated data.

(a) The basic cost/charge ratio shall be developed by dividing the total net expenses for allocation shown on Worksheet A, and as modified in subsection (b), by the total patient revenues from Worksheet G-2.

(b) The net expenses for allocation derived from Worksheet A shall be modified by adding, from Worksheet A-8, the expenses for:

(A) Provider-based physician adjustment;

(B) Patient expenses such as telephone, television, radio service, and other expenses determined by the department to be patient-related expenses; and

(C) Expenses identified as for physician recruitment.

(c) The basic cost/charge ratio shall be further modified to allow a factor for bad debt and the charity care provided by each hospital. The adjustment for bad debt and charity care is calculated in two steps. Step one: Add the dollar amount for net bad debt to the dollar amount for

ORDER NO. XX-XXX

DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
***Proposed* OREGON MEDICAL FEE AND PAYMENT RULES**

charity care. Divide this sum by the dollar amount of the total patient revenues, from Worksheet G-2, to compute the bad debt and charity ratio. Step two: Multiply the bad debt and charity ratio by the basic cost/charge ratio calculated in subsection (3)(a) to obtain the factor for bad debt and charity care.

(d) The basic cost/charge ratio shall be further modified to allow an adequate return on assets. The director will determine a historic real growth rate in the gross fixed assets of Oregon hospitals from the audited financial statements. This real growth rate and the projected growth in a national fixed weight price deflator will be added together to form a growth factor. This growth factor will be multiplied by the total fund balance, from Worksheet G of each hospital's CMS 2552 to produce a fund balance amount. The fund balance amount is then divided by the total patient revenues from Worksheet G-2, to compute the fund balance factor.

(e) The factors resulting from subsections (3)(c) and (3)(d) of this rule will be added to the ratio calculated in subsection (3)(a) of this rule to obtain the adjusted cost/charge ratio. In no event will the adjusted cost/charge ratio exceed 1.00.

(f) The adjusted cost/charge ratio for each hospital will be revised annually, at a time based on their fiscal year, as described by bulletin. Each hospital must submit a copy of their CMS 2552 and financial statements each year within 150 days of the end of their fiscal year to the Information Management Division, Department of Consumer and Business Services. The adjusted cost/charge ratio schedule will be published by bulletin twice yearly, effective for the six-month period beginning April 1 and the six-month period beginning October 1.

(g) For newly formed or established hospitals for which no CMS 2552 has been filed or for which there is insufficient data, or for those hospitals that do not file Worksheet G-2 with the submission of their CMS 2552, the division shall determine an adjusted cost/charge ratio for the hospital based upon the adjusted cost/charge ratios of a group of hospitals of similar size or geographic location.

(h) If the financial circumstances of a hospital unexpectedly or dramatically change, the division may revise the hospital's adjusted cost/charge ratio to allow equitable payment.

(i) If audit of a hospital's CMS 2552 by the CMS produces significantly different data from that obtained from the initial filing, the division may revise the hospital's adjusted cost/charge ratio to reflect the data developed subsequent to the initial calculation.

(j) Notwithstanding subsections (c) through (i) of this section the payment to out-of-state hospitals, may be negotiated between the insurer and the hospital.

(A) Any agreement for payment less than the billed amount must be in writing and signed by a hospital and insurer representative.

(B) The agreement must include language that the hospital will not bill the worker any remaining balance and that the negotiated amount is considered payment in full.

(C) If the insurer and the hospital are unable to reach agreement within 60 days of the insurer's receipt of the bill, either party may bring the issue to the director for resolution. The director may order payment up to the amount billed considering factors such as, but not limited to, reasonableness, usual fees for similar services by facilities in similar geographic areas, case

specific services, and any extenuating circumstances.

(k) Notwithstanding sections (1) and (2) of this rule, the director may exclude rural hospitals from imposition of the adjusted cost/charge ratio based upon a determination of economic necessity. The rural hospital exclusion will be based on the financial health of the hospital reflected by its financial flexibility index, as originally developed by Dr. William Cleverley. All rural hospitals having a financial flexibility index at or below the median for hospitals nationwide with a bond rating of BBB+, BBB, or BBB- will qualify for the rural exemption. Rural hospitals that are designated as critical access hospitals under the Oregon Medicare Rural Hospital Flexibility Program are automatically exempt from imposition of the adjusted cost/charge ratio.

436-009-0022 Ambulatory Surgical Center Fees

(1) An ambulatory surgical center (ASC) is any distinct entity licensed by the state of Oregon, and operated exclusively for the purpose of providing surgical services to patients not requiring hospitalization.

(a) Any ASC outside of Oregon must meet similar licensing requirements, or be certified by Medicare or a nationally recognized agency.

(b) Bills from an ASC shall be submitted on CMS 1500 form. The modifier “SG” shall be used to identify facility charges.

(2) Fees shall be paid at the provider's usual fee, or in accordance with the fee schedule, whichever is less. For all MCO enrolled claims, payment of fees shall be as provided by the MCO contract, at the provider’s usual fee, or according to the fee schedule, whichever is less.

(3) Payment shall be made using the Medicare ASC groups, except:

(a) Arthroscopies (CPT[®] codes 29819 through 29898 except 29888 and 29889) are paid as Group 6.

(b) Arthroscopies (CPT[®] codes 29888 and 29889) are paid as Group 7.

(c) Services not listed in the Medicare ASC groups 1 through 9 shall be paid at the provider’s usual rate.

(4) The ASC fee schedule is:

Group 1	\$ 853.28
Group 2	\$ 1,143.88
Group 3	\$ 1,307.68

(5) The ASC fee includes services, such as:

- (a) Nursing, technical, and related services;
- (b) Use of the facility where the surgical procedure is performed;
- (c) Drugs, biologicals, surgical dressings, supplies, splints, casts, and appliances and equipment directly related to the provision of the surgical procedure;
- (d) Diagnostic or therapeutic services or items directly related to the provision of a surgical procedure;
- (e) Administrative, record-keeping, and housekeeping items and services;
- (f) Materials for anesthesia;
- (g) Supervision of the services of an anesthetist by the operating surgeon.

(6) The ASC fee does not include services, such as physicians' services, laboratory, x-ray or diagnostic procedures not directly related to the surgical procedure, prosthetic devices, orthotic devices, durable medical equipment (DME), or anesthetists' services. The insurer shall pay for prosthetic devices, orthotic devices, and DME as provided in OAR 436-009-0080.

(7) When multiple procedures are performed, the highest payment group shall be paid at 100% of the maximum allowed fee. Each additional procedure shall be paid at 50% of the maximum allowed fee.

436-009-0025 Reimbursement of Related Services Costs

(1) The insurer shall notify the worker in writing at the time of claim acceptance that claim-related services, not otherwise addressed by these rules, paid by the worker will be reimbursed by the insurer as provided in this rule. The notification must include notice to the worker of the two year time limitation to request reimbursement.

(a) The worker must request reimbursement from the insurer in writing.

(b) The insurer may require reasonable documentation to support the request. Insurers shall date stamp requests for reimbursement upon receipt and shall reimburse the costs within 30 days of receiving the request and supporting documentation, if the request clearly shows the costs are related to the accepted compensable injury or disease. If the insurer cannot determine if the costs are related to the accepted compensable injury or disease, the insurer shall inform the worker what information is needed before the request for reimbursement can be processed. If additional information is needed, the time needed to obtain the information is not counted in the

30 day time frame for the insurer to issue reimbursement.

(c) Notwithstanding subsections (a) and (b) of this section, in deferred claims, requests which are at least 30 days old at the time of claim acceptance become due immediately upon claim acceptance and shall be paid within 14 days. In a claim for aggravation or a new medical condition, reimbursement of related services is not due and payable until the aggravation or new medical condition is accepted. If the claim is denied, requests for reimbursement shall be returned to the worker within 14 days.

(2) Reimbursement of the costs of meals, lodging, public transportation and use of a private vehicle shall be reimbursed as provided in this section. The maximum rate of reimbursement is limited to the rate of reimbursement for State of Oregon classified employees, as published in Bulletin 112. When a worker has documentation of the expense which includes the date of the expense, he or she may be entitled to reimbursement for:

(a) Any meal reasonably required by necessary travel to a claim-related appointment.

(b) Lodging based on the need for overnight travel to attend the appointment. Reimbursement may exceed the maximum rate where special lodging was required or where the worker was unable to find lodging at or below the maximum rate within 10 miles of the appointment location.

(c) Mileage when using a personal vehicle based on the beginning and ending addresses. Reimbursement may exceed the maximum if special transportation is required. Public transportation will be reimbursed based on actual cost.

(d) Prescriptions and other claim-related expenses will be reimbursed based on actual cost.

(3) Requests for reimbursement of claim-related services costs must be received by the insurer within two years of the date the costs were incurred or within two years of the date the claim or medical condition is finally determined compensable, whichever date is later. The insurer may disapprove requests for reimbursement received beyond the two year period as being untimely requested.

(4) Requests for reimbursement denied as unreasonable or not related to the accepted compensable injury or disease shall be returned to the worker within 30 days of the date of receipt by the insurer. The insurer shall provide the worker an explanation of the reason for nonpayment and advise the worker of the right to appeal the insurer's decision by requesting administrative review before the director, under OAR 436-009-0008.

(5) Pursuant to ORS 656.325(1)(f) and OAR 436-060-0095(5)(f), the insurer shall reimburse the worker for costs related to the worker's attendance at an independent medical examination regardless of the acceptance, deferral, or denial of the claim.

436-009-0030 Insurer's Duties and Responsibilities

(1) The insurer must pay for medical services related to a compensable injury claim,

ORDER NO. XX-XXX

DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
***Proposed* OREGON MEDICAL FEE AND PAYMENT RULES**

except as provided by OAR 436-060-0055.

(2) The insurer, or its designated agent, may request from the medical provider, any and all necessary records needed to review accuracy of billings. The medical provider may charge an appropriate fee for copying documents in accordance with OAR 436-009-0070(1). If the evaluation of the records must be conducted on-site, the provider must furnish a reasonable work-site for the records to be reviewed at no cost. These records must be provided or made available for review within 14 days of a request.

(3) Insurers must date stamp medical bills and reports upon receipt and pay bills for medical services on accepted claims within 45 days of receipt of the bill, if the billing is submitted in proper form in accordance with OAR 436-009-0010(2) through (4) and clearly shows that the treatment is related to the accepted compensable injury or disease. Billings not submitted in the proper form must be returned to the medical provider within 20 days of receipt of the bill with a written explanation describing why the bill was not paid or what needs to be corrected. A request for chart notes on EDI billings must be made to the medical provider within 20 days of receipt of the bill. The number of days between the date the insurer returns the billing or requests for chart notes from the provider and the date the insurer receives the corrected billing or chart notes, shall not apply toward the 45 days within which the insurer is required to make payment.

(a) The insurer must retain a copy of each medical provider's bill received by the insurer or must be able to reproduce upon request data relevant to the bill, including but not limited to, provider name, date of service, date the insurer received the bill, type of service, billed amount, coding submitted by the medical provider as described in OAR 436-009-0010(2), and insurer action, for any non-payment or fee reduction other than a fee schedule reduction. This includes all bills submitted to the insurer even when the insurer determines no payment is due. The insurer must provide the specific reason(s) for non-payment or reduced payment of the billing, in writing, to the submitting medical provider.

(b) Any service billed with a code number commanding a higher fee than the services provided shall be returned to the medical provider for correction or paid at the value of the service provided.

(c) When a medical provider submits a bill electronically, it shall be considered "mailed" in accordance with OAR 436-010-0005.

(4) Payment of medical bills is required within 14 days of any action causing the service to be payable, or within 45 days of the insurer's receipt of the bill, whichever is later.

(5) Failure to pay for medical services timely may render the insurer liable to pay a reasonable monthly service charge for the period payment was delayed, if the provider customarily levies such a service charge to the general public.

(6) When there is a dispute over the amount of a bill or the appropriateness of services rendered, the insurer must, within 45 days, pay the undisputed portion of the bill and at the same time provide specific reasons for non-payment or reduction of each medical service code. Resolution of billing disputes, including possible overpayment disputes, must be made in accordance with OAR 436-009-0008, 436-010-0008 and 436-015.

(7) Bills for medical services rendered at the request of the insurer and bills for information submitted at the request of the insurer, which are in addition to those required in OAR 436-010-0240 must be paid for within 45 days of receipt by the insurer even if the claim is denied.

(8) The insurer must establish an audit program for bills for all medical services to determine that the bill reflects the services provided, that appropriate prescriptions and treatment plans are completed in a timely manner, that payments do not exceed the maximum fees adopted by the director, and that bills are submitted in a timely manner. The audit shall be continuous and shall include no fewer than 10 percent of medical bills. The insurer must provide upon request documentation establishing that the insurer is conducting a continuous audit of medical bills. This documentation must include, but not be limited to, medical bills, internal audit forms, and any medical charge summaries prepared by private medical audit companies.

(9) The insurer must pay a medical provider for any bill related to the claimed condition received by the insurer on or before the date the terms of a disputed claim settlement (DCS) were agreed on, but was either not listed in the approved DCS or was not paid to the medical provider as set forth in the approved DCS. Payment must be made by the insurer as prescribed by ORS 656.313(4)(d) and OAR 438-009-0010(2)(g) as if the bill had been listed in the approved settlement or as set forth in the approved DCS, except if the DCS payments have already been made, the payment must not be deducted from the settlement proceeds. Payment must be made within 45 days of the insurer's knowledge of the outstanding bill.

(10) Insurers that had at least 100 accepted disabling claims in the previous calendar year, as determined by the director, are required to submit detailed medical bill payment data to the Information Management Division of the Department of Consumer and Business Services at 350 Winter St NE, Room 300, PO Box 14480, Salem OR 97309-0405. Once an insurer has reached the minimum number of accepted disabling claims, they must continue to report in subsequent years unless there is a significant decrease below the 100 claim minimum which is expected to continue. The director will notify the affected insurers when they reach the minimum. If the insurer drops below the 100 disabling claim level or encounters other significant hardships, the insurer may apply to the director for exemption from the reporting requirement. The reporting requirements are as follows:

(a) The transmission data and format requirements are included in Appendixes A of these rules and Appendix B, which the director adopts by reference of OAR 436-160. OAR 436-160 explains the IAIABC ANSI 837 medical bill reporting requirements. To determine which appendix applies to required reporting insurers, see below.

(b) Each insurer must continue to report according to Appendix A until successfully completing IAIABC ANSI 837 testing under OAR 436-160. Once successfully completing testing, the insurer may only report via IAIABC ANSI 837.

(c) Group 1 is all required reporting insurers who are currently reporting data via IAIABC ANSI 837 in another jurisdiction. Each insurer in Group 1 must begin testing on July 1, 2008.

(d) Group 2 is the State Accident Insurance Fund Corporation. Group 2 must begin testing on April 1, 2009.

ORDER NO. XX-XXX

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
Proposed OREGON MEDICAL FEE AND PAYMENT RULES**

(e) Group 3 is all other required reporting insurers. Each insurer in Group 3 must begin testing on October 1, 2009.

(11) An insurer may request, in writing, additional time to report the requested data elements according to ~~Appendix B~~ **BOAR 436-160**. The insurer must demonstrate that the date to begin testing creates an undue hardship. The request must include a plan to begin testing within 12 months of the group's testing date, and may not extend beyond January 1, 2010.

(12) Undue hardship is demonstrated by providing the total required expenses to begin testing; the reporting cost per bill if transmitted directly by the insurer; and the total cost per bill if reported by a vendor.

(13) If the director allows additional time, the insurer must continue to report all medical billing data under Appendix A during the testing.

(14) The director may audit an insurer's actual payments reported for individual claims. An insurer is subject to a civil penalty if an audit determines that the insurer's error rate is 15 percent or higher in any field.

436-009-0035 Interim Medical Benefits

(1) Interim medical benefits are not due on claims:

(a) When the worker is enrolled in an MCO prior to claim acceptance pursuant to ORS 656.245(4)(b)(B).

(b) When the insurer denies the claim within 14 days of the employer's notice.

(c) With dates of injury prior to January 1, 2002.

(2) Interim medical benefits include:

(a) Diagnostic services required to identify appropriate treatment or prevent disability.

(b) Medication required to alleviate pain.

(c) Services required to stabilize the worker's claimed condition and to prevent further disability. Examples of such services may include, but are not limited to: antibiotic or anti-inflammatory medication; physical therapy and other conservative therapies; and necessary surgical procedures.

(3) If the medical service provider has knowledge that the worker filed a work related claim, the medical service provider shall not collect health benefit plan co-payment from the worker.

(4) The medical service provider shall submit a copy of the bill to the workers' compensation insurer in accordance with OAR 436-009-0010, and the health benefit plan(s) in accordance with the plan's requirements.

(5) The insurer shall notify the medical service provider when an initial claim is denied.

(7) After payment is received from the health benefit plan(s), the medical service provider may bill the workers' compensation insurer, according to OAR 436-009-0010, for any remaining balance. The provider shall include a copy of the health benefit plan(s)' explanation of benefits with the bill. If the worker has no health benefit plan, the workers' compensation insurer is not required to pay for interim medical benefits.

(8) The workers' compensation insurer shall pay in accordance with the Oregon fee rules, any amount not reimbursed by the health benefit plan within 45 days of receipt of the bill with the health plan's explanation of benefits, in accordance with OAR 436-009-0030 (6).

436-009-0040 Calculating Medical Provider Fees

(1) The insurer must pay for medical services at the provider's usual fee or in accordance with the fee schedule whichever is less. Insurers must pay for medical services that have no fee schedule at the provider's usual fee. For all MCO enrolled claims, the insurer must pay for medical services at the provider's usual fee or according to the fee schedule, whichever is less, unless otherwise provided by MCO contract. Where there is no maximum payment established by the fee schedule, an insurer may challenge the reasonableness of a provider's billing on a case by case basis by asking the director to review the billing under OAR 436-009-0008. If the director determines the amount billed is unreasonable, the director may establish a different fee to be paid to the provider based on at least one of, but not limited to, the following: reasonableness, the usual fees of similar providers, the services provided in the specific case, fees for similar services in similar geographic regions, and any extenuating circumstances.

(2)(a) When using RBRVS, the **total** RVU is determined by reference to the appropriate CPT® code **and by adding the values of the Physician work RVU, Year 2008 transitional non-facility PE RVU or Year 2008 transitional facility PE RVU, and Malpractice RVU.** **The PE RVU is determined by the location where the procedure is performed:** ~~Where~~**If** the procedure is performed inside the medical service provider's office, use Year ~~2007~~**2008** transitional non-facility ~~total~~**PE RVUs** column; ~~Where~~**if** the procedure is performed outside the medical service provider's office, use Year ~~2007~~**2008** transitional facility ~~total~~**PE RVUs** column. (b) When an Oregon Specific Code is assigned, the RVU for multidisciplinary program services is found in OAR 436-009-0060(5), or for other services in OAR 436-009-0070 (12).

(c) When using the *American Society of Anesthesiologists Relative Value Guide*, a basic unit value is determined by reference to the appropriate Anesthesia code. The anesthesia value includes the basic unit value, time units, and modifying units.

436-009-0050 CPT® Sections

Each CPT® section has its own schedule of relative values, completely independent of and unrelated to any of the other sections. The definitions, descriptions, and guidelines found in CPT® shall be used as guides governing the descriptions of services, except as otherwise provided in these rules. The following provisions are in addition to those provided in each section of CPT®.

(1) Evaluation and Management services.

(2) Anesthesia services.

(a) In calculating the units of time, use 15 minutes per unit. If a medical provider bills for a portion of 15 minutes, round the time up to the next 15 minutes and pay one unit for the portion of time.

(b) Anesthesia basic unit values are to be used only when the anesthesia is personally administered by either a licensed physician or certified nurse anesthetist who remains in constant attendance during the procedure for the sole purpose of rendering such anesthesia service.

(c) When a regional anesthesia is administered by the attending surgeon, the value shall be the "basic" anesthesia value only without added value for time.

(d) When the surgeon or attending physician administers a local or regional block for anesthesia during a procedure, the modifier "NT" (no time) shall be noted on the bill.

(e) Local infiltration, digital block, or topical anesthesia administered by the operating surgeon is included in the relative value unit for the surgical procedure.

(3) Surgery services.

(a) When a worker is scheduled for elective surgery, the pre-operative visit, in the hospital or elsewhere, necessary to examine the patient, complete the hospital records, and initiate the treatment program is included in the listed global value of the surgical procedure. If the procedure is not elective, the physician is entitled to payment for the initial evaluation of the worker in addition to the global fee for the surgical procedure(s) performed.

(b) When an additional surgical procedure(s) is carried out within the listed period of follow-up care for a previous surgery, the follow-up periods will continue concurrently to their normal terminations.

(c) Multiple surgical procedures performed at the same session shall be paid as follows:

(A) When multiple surgical procedures are performed by one surgeon, the principal procedure is paid at 100 percent of the maximum allowable fee, the secondary and all subsequent procedures are paid at 50 percent of the maximum allowable fee. A diagnostic arthroscopic procedure performed preliminary to an open operation, is considered a secondary procedure and paid accordingly.

(B) When multiple arthroscopic procedures are performed, the major procedure shall be paid at no more than 100 percent of the value listed in these rules and the subsequent procedures paid at 50 percent of the value listed.

(C) When more than one surgeon performs surgery, each procedure shall be billed separately. The maximum allowable fee for each procedure, as listed in these rules, shall be reduced by 25 percent. When the surgeons assist each other throughout the operation, each is entitled to an additional fee of 20 percent of the other surgeon's allowable fee as an assistant's fee. When the surgeons do not assist each other, and a third physician assists the surgeons, the third physician is entitled to the assistant's fee of 20 percent of the surgeons' allowable fees.

(D) When a surgeon performs surgery following severe trauma that requires considerable time, and the surgeon does not think the fees should be reduced under the multiple surgery rule, the surgeon may request special consideration by the insurer. Such a request must be accompanied by written documentation and justification. Based on the documentation, the insurer may pay for each procedure at 100 percent.

(E) When a surgical procedure is performed bilaterally, the modifier "-50" shall be noted on the bill for the second side, and paid at 50% of the fee allowed for the first side.

(d) Physician assistants or nurse practitioners shall be paid at the rate of 15 percent of the surgeon's allowable fee for the surgical procedure(s). The bills for services by these providers shall be marked with a modifier "-81." Chart notes shall document when medical services have been provided by a physician assistant or nurse practitioner.

(e) Other surgical assistants who are self-employed and work under the direct control and supervision of a physician shall be paid at the rate of 10 percent of the surgeon's allowable fee for the surgical procedure(s). The operation report shall document who assisted.

(4) Radiology services.

(a) In order to be paid, x-ray films must be of diagnostic quality and include a report of the findings. Billings for 14" x 36" lateral views shall not be paid.

(b) When multiple contiguous areas are examined by computerized axial tomography (CAT) scan, computerized tomography angiography (CTA), magnetic resonance angiography (MRA), or magnetic resonance imaging (MRI), the technical component for the first area examined shall be paid at 100 percent, the second area at 50 percent, and the third and all subsequent areas at 25 percent under these rules. The discount applies to multiple studies done within 2 days, unless the ordering provider provides a reasonable explanation of why the studies needed to be done on separate days. No reduction is applied to multiple areas for the professional component.

(5) Pathology and Laboratory services.

(a) The laboratory and pathology conversion factor applies only when there is direct physician involvement.

(b) Laboratory fees shall be billed in accordance with ORS 676.310. If any physician submits a bill for laboratory services that were performed in an independent laboratory, the bill shall show the amount charged by the laboratory and any service fee that the physician charges.

(6) Medicine services.

(7) Physical Medicine and Rehabilitation services.

(a) Increments of time for a time-based CPT[®] code shall not be prorated.

(b) Payment for modalities and therapeutic procedures shall be limited to a total of three separate CPT[®]-coded services per day. CPT[®] codes 97001, 97002, 97003, or 97004 are not subject to this limit. An additional unit of time (15 minute increment) for the same CPT[®] code is not counted as a separate code.

(c) All modality codes requiring constant attendance (97032, 97033, 97034, 97035, 97036, and 97039) are time-based. Chart notes must clearly indicate the time treatment begins and the time treatment ends for the day.

(d) CPT[®] codes 97010 through 97028 shall not be paid unless they are performed in conjunction with other procedures or modalities which require constant attendance or knowledge and skill of the licensed medical provider.

(e) When multiple treatments are provided simultaneously by a machine, device or table there shall be a notation on the bill that treatments were provided simultaneously by a machine, device or table and there shall be one charge.

(2) Treatment in a chronic pain management program, physical rehabilitation program, work hardening program, or a substance abuse program shall not be paid unless the program is accredited for that purpose by the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

(a) Organizations which have applied for CARF accreditation, but have not yet received such accreditation, may receive payment for multidisciplinary programs upon providing evidence to the insurer that an application for accreditation has been filed with and acknowledged by CARF. Such organizations may provide multidisciplinary services under this section for a period of up to 6 months from the date CARF provided notice to the organization that the accreditation process has been initiated, or until such time as CARF accreditation has been received or denied, whichever occurs first.

(b) Notwithstanding OAR 436-009-0010(4), program fees for services within a multidisciplinary program may be used based upon written pre-authorization from the insurer. Programs must identify the extent, frequency, and duration of services to be provided.

(c) All job site visits and ergonomic consultations must be preauthorized by the insurer.

(3) When an attending physician or authorized nurse practitioner approves a multidisciplinary treatment program for an injured worker, he or she must provide the insurer with a copy of the approved treatment program within 14 days of the beginning of the treatment program.

(4) Billings using the multidisciplinary codes must include copies of the treatment record which specifies the type of service rendered, the medical provider who provided the service, whether treatment was individualized or provided in a group session, and the amount of time treatment was rendered for each service billed.

(1) Except for records required in OAR 436-009-0010(3), copies of requested medical records shall be paid under OSC-R0001.

(2) A brief narrative by the attending physician or authorized nurse practitioner, including a summary of treatment to date and current status, and, if requested, brief answers to one to five specific questions related to the attending physician's or authorized nurse practitioner's current or proposed treatment, shall be paid under OSC-N0001.

(3) A complex narrative by the attending physician or authorized nurse practitioner, may include past history, history of present illness, attending physician's or authorized nurse practitioner's treatment to date, current status, impairment, prognosis, and medically stationary information, shall be paid under OSC-N0002.

ORDER NO. XX-XXX

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION**

***Proposed* OREGON MEDICAL FEE AND PAYMENT RULES**

(4) Fees for a PCE and a WCE shall be based upon the type of evaluation requested. The description of each level of evaluation and the maximum allowable payment shall be as follows:

(a) **FIRST LEVEL PCE:** This is a limited evaluation primarily to measure musculoskeletal components of a specific body part. These components include such tests as active range of motion, motor power using the 5/5 scale, and sensation. This level requires not less than 45 minutes of actual patient contact. A first level PCE shall be paid under OSC-99196 which includes the evaluation and report. Additional 15-minute increments may be added if multiple body parts are reviewed and time exceeds 45 minutes. Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report.

(b) **SECOND LEVEL PCE:** This is a PCE to measure general residual functional capacity to perform work or provide other general evaluation information, including musculoskeletal evaluation. It may be used to establish Residual Functional Capacities for claim closure. This level requires not less than two hours of actual patient contact. The second level PCE shall be paid under OSC-99197 which includes the evaluation and report. Additional 15 minute increments may be added to measure additional body parts, to establish endurance and to project tolerances. Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report.

(c) **WCE:** This is a residual functional capacity evaluation which requires not less than 4 hours of actual patient contact. The evaluation may include a musculoskeletal evaluation for a single body part. A WCE shall be paid under OSC-99198 which includes the evaluation and report. Additional 15 minute increments (per additional body part) may be added to determine endurance (e.g. cardiovascular) or to project tolerances (e.g., repetitive motion). Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report. Special emphasis should be given to:

(A) The ability to perform essential physical functions of the job based on a specific job analysis as related to the accepted condition;

(B) The ability to sustain activity over time; and

(C) The reliability of the evaluation findings.

(5) When an attorney **or an insurer** requires a consultation with a medical provider, the medical provider shall bill under OSC-D0001.

(6) The fee for a deposition shall be billed under OSC-D0002. This code should include time for preparation, travel and deposition. Upon request of one of the parties, the director may limit payment of the provider's hourly rate to a fee charged by similar providers.

(7) When an insurer obtains an Independent Medical Examination (IME):

(a) The medical service provider doing the IME shall bill under OSC-D0003. This code shall be used for a report, file review or examination;

(b) If the insurer asks the medical service provider to review the IME report and respond, the medical service provider shall bill for the time spent reviewing and responding using OSC-D0019. Billing should include documentation of time spent.

(8) The fee for interpretive services shall be billed under OSC-D0004.

(9) Fees for all arbiters and panel of arbiters used for director reviews pursuant to OAR 436-030-0165 shall be established by the director. This fee determination will be based on the complexity of the examination, the report requirements and the extent of the record review. The level of each category is determined by the director based on the individual complexities of each case as compared to the universe of claims in the medical arbiter process. When the examination is scheduled, the director shall notify the medical arbiter and the parties of the authorized fee for that medical arbiter review based on a combination of separate components.

|----|---------|----------------|
| a) | Level 1 | OSC-AR001 Exam |
| | Level 2 | OSC-AR002 Exam |
| | Level 3 | OSC-AR003 Exam |
| | Limited | OSC-AR004 Exam |

As determined by the director, a level 1 exam generally involves a basic medical exam with no complicating factors. A level 2 exam generally involves a moderately complex exam and may have complicating factors. A level 3 exam generally involves a very complex exam and may have several complicating factors. A limited exam generally involves a newly accepted condition, or some other partial exam.

- | | | |
|----|---------|------------------|
| b) | Level 1 | OSC-AR011 Report |
| | Level 2 | OSC-AR012 Report |
| | Level 3 | OSC-AR013 Report |

As determined by the director, a level 1 report generally includes standard questions. A level 2 report generally includes questions regarding complicating factors. A level 3 report generally includes questions regarding multiple complicating factors.

- | | | |
|----|---------|-----------------------|
| c) | Level 1 | OSC-AR021 File Review |
| | Level 2 | OSC-AR022 File Review |
| | Level 3 | OSC-AR023 File Review |
| | Level 4 | OSC-AR024 File Review |
| | Level 5 | OSC-AR025 File Review |

As determined by the director, a level 1 file review generally includes review of a limited record. A level 2 file review generally includes review of an average record. A level 3 file review generally includes review of a large record or disability evaluation without an exam. A level 4 file review generally includes an extensive record. A level 5 file review generally includes an extensive record with unique factors.

(d) The director will notify the medical arbiter and the insurer of the approved code for each component to establish the total fee for the medical arbiter review. If a worker fails to appear for a medical arbiter examination without giving each medical arbiter at least 48 hours notice, each medical arbiter shall be paid at 50 percent of the examination or testing fee. A

medical arbiter must also be paid for any file review completed prior to cancellation.

(e) If the director determines that a supplemental medical arbiter report is necessary to clarify information or address additional issues, an additional report fee may be established. The fee is based on the complexity of the supplemental report as determined by the director. The additional fees are established as follows:

Limited	OSC-AR031
Complex	OSC-AR032

(f) Prior to completion of the reconsideration process, the medical arbiter may request the director to redetermine the authorized fee by providing the director with rationale explaining why the physician believes the fee should be different than authorized.

(g) The director may authorize testing which shall be paid according to OAR 436-009.

(h) Should an advance of costs be necessary for the worker to attend a medical arbiter exam, a request for advancement shall be made in sufficient time to ensure a timely appearance. After receiving a request, the insurer must advance the costs in a manner sufficient to enable the worker to appear on time for the exam. If the insurer believes the request is unreasonable, the insurer shall contact the director in writing. If the director agrees the request is unreasonable, the insurer may decline to advance the costs. Otherwise, the advance must be made timely as required in this subsection.

(10) A single physician selected under ORS 656.327 or 656.260, to review treatment, perform reasonable and appropriate tests, or examine the worker, and submit a report to the director shall be paid at an hourly rate up to a maximum of 4 hours for record review and examination.

(a) The physician will be paid for preparation and submission of the report. Billings for services by a single physician shall be billed under OSC-P0001 for the examination and under OSC-P0003 for the report.

(b) Physicians selected under OAR 436-010-0008, to serve on a panel of physicians shall each receive payment based on an hourly rate up to a maximum of 4 hours for record review and panel examination. Each physician shall bill for the record review and panel examination under OSC-P0002. The panel member who prepares and submits the panel report shall receive an additional payment under OSC-P0003.

(c) The director may in a complex case requiring extensive review by a physician pre-authorize an additional fee. Complex case review shall be billed under OSC-P0004.

(d) If a worker fails to appear for a director required examination without providing the physician with at least 48 hours notice, each physician shall bill under OSC-P0005. The insurer must pay the physician for the appointment time and any time spent reviewing the record completed prior to the examination time. The billing must document the physician's time spent reviewing the record.

(e) Should an advance of costs be necessary for the worker to attend an exam under ORS 656.327 or 656.260, a request for advancement shall be made in sufficient time to ensure a

436-009-0080 Durable Medical Equipment and Medical Supplies

(1) Durable medical equipment (DME) is equipment that is primarily and customarily used to serve a medical purpose, can withstand repeated use, could normally be rented and used by successive patients, is appropriate for use in the home, and not generally useful to a person in the absence of an illness or injury. For example: Transcutaneous Electrical Nerve Stimulation (TENS), MicroCurrent Electrical Nerve Stimulation (MENS), home traction devices, heating pads, reusable hot/cold packs, etc. Fees for durable medical equipment shall be paid as follows:

(a) The insurer shall pay for the purchase of all compensable DME that are ordered and approved by the physician, at 85% of the manufacturer's suggested retail price (MSRP). If no MSRP is available or the provider can demonstrate that 85% of the MSRP is less than 140% of the actual cost to the provider, the insurer shall pay the provider 140% of the actual cost to the provider for the item as documented on a receipt of sale.

(b) The DME provider is entitled to payment for any labor and reasonable expenses directly related to any subsequent modifications other than those performed at the time of purchase, or repairs. A subsequent modification is one done other than as a part of the initial set-up at the time of purchase. The insurer shall pay for labor at the provider's usual rate.

(c) The provider may offer a service agreement at an additional cost.

(d) Rental of all compensable DME shall be billed at the provider's usual rate. Within 90 days of the beginning of the rental, the insurer may purchase the DME or device at the fee provided in this rule, with a credit for rental paid up to 2 months.

(2) A prosthetic is an artificial substitute for a missing body part or any device aiding performance of a natural function. For example: hearing aids, eye glasses, crutches, wheelchairs, scooters, artificial limbs, etc. The insurer shall pay the fee for a prosthetic at the provider's usual rate.

- (a) Testing for hearing aids must be done by a licensed audiologist or an otolaryngologist.
- (b) Based on current technology, the preferred types of hearing aids for most workers are programmable BTE, ITE, and CIC multi channel. Any other types of hearing aids needed for medical conditions will be considered based on justification from the attending physician or authorized nurse practitioner.
- (c) Without approval from the insurer or director, hearing aids should not exceed \$5000 for a pair of hearing aids, or \$2500 for a single hearing aid.
- (3) An orthosis is an orthopedic appliance or apparatus used to support, align, prevent or correct deformities, or to improve the function of a moveable body part. For example: brace, splint, shoe insert or modification, etc. The insurer shall pay the fee for an orthosis at the provider's usual rate.
- (4) Medical supplies are materials that may be reused multiple times by the same person, but a single supply is not intended to be used by more than one person, including, but not limited to incontinent pads, catheters, bandages, elastic stockings, irrigating kits, sheets, and bags. The insurer shall pay the fees for medical supplies at the provider's usual rate.
- (5) The worker may select the service provider, except for claims enrolled in a managed care organization (MCO) where service providers are specified by the MCO contract.
- (6) Except as provided in subsection (2)(c) of this rule, this rule does not apply to a worker's direct purchase of DME and medical supplies, and does not limit a worker's right to reimbursement for actual out-of-pocket expenses under OAR 436-009-0025.
- (7) DME, medical supplies and other devices dispensed by a hospital (inpatient or outpatient) shall be billed and paid according to OAR 436-009-0020.

436-009-0090 Pharmacy Fees

(1) Except for in-patient hospital charges, the insurer ~~shall~~ **must** pay for ~~pharmacy fees~~ **prescription medications** at the provider's usual rate or the maximum allowable fee established **set** by this rule, whichever is ~~the~~ lower.

(a) **"AWP" means** ~~the~~ Average Wholesale Price (AWP) effective on the day the drug was dispensed ~~shall be used to determine the maximum allowable fee.~~

"AAWP" means the Average Average Wholesale Price effective on the day the drug was dispensed.

"GEAP" means the Generic Equivalent Average Price effective on the day the drug was dispensed.

(~~b~~) **(d)** The maximum allowable fee is ~~determined as follows~~ **calculated according to the following table:**

ORDER NO. XX-XXX

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION**

***Proposed* OREGON MEDICAL FEE AND PAYMENT RULES**

<u>If the drug dispensed is:</u>	<u>Then the maximum allowable fee is:</u>
<u>A generic drug</u>	<u>83.5 % of the dispensed drug's AWP plus a \$2.00 dispensing fee</u>
<u>A brand name drug without a generic equivalent</u>	<u>83.5 % of the dispensed drug's AWP plus a \$2.00 dispensing fee</u>
<u>A brand name drug and the prescribing health care provider has not prohibited substitution</u>	<u>83.5 % of the GEAP or AAWP plus a \$2.00 dispensing fee</u>
<u>A brand name drug the prescribing health care provider has specified that the drug may not be substituted with a generic equivalent</u>	<u>83.5 % of the dispensed drug's AWP plus a \$2.00 dispensing fee</u>

(A) For generic drugs and for brand name drugs without a generic equivalent, 88% of the AWP for the dispensed drug plus \$8.70 dispensing fee.

(B) For brand name drugs with a generic equivalent, if the prescribing medical service provider writes "Do not substitute" or a similar notation on the prescription, 88% of the AWP for the dispensed drug plus \$8.70 dispensing fee.

(C) For brand name drugs with a generic equivalent, if the prescribing medical service provider did not write "Do not substitute" or a similar notation on the prescription, the lower of 88% of the AWP for the dispensed drug plus \$8.70 dispensing fee, or 88% of the average AWP for the class of generic drugs plus \$8.70 dispensing fee, or, in the event that the pricing guides have not established an average AWP, 88% of the calculated average AWP of the generic drugs listed in the pricing guide plus \$8.70 dispensing fee.

~~(e) All providers who are licensed to dispense medications in accordance with their practice must be paid similarly regardless of profession.~~

(2) All prescription medications are required medical services and do not require prior approval under the palliative care provisions of OAR 436-010-0290.

(3) Under ORS 689.515(2) licensed providers may dispense generic drugs to injured workers.

(4) Payment for Oxycontin, and COX-2 inhibitors is limited to an initial five-day supply unless the prescribing medical service provider writes a clinical justification for prescribing that drug rather than a less costly drug with a similar therapeutic effect.

(a) The clinical justification may accompany the prescription and be submitted by the pharmacist or may be given directly to the insurer by the medical provider.

(b) Clinical justification means a written document from the medical service provider stating the reason he or she believes the drug ordered is the one the patient should have. The justification may be included on the prescription itself and may simply be a brief statement. Insurers and self-insured employers cannot challenge the adequacy of the clinical justification. However, they can challenge whether or not the medication is excessive, inappropriate, or ineffectual in accordance with ORS 656.327.

(c) An additional clinical justification is not necessary for refills of that medication.

(5) Insurers shall use the prescription pricing guide published by First DataBank Inc, Thomson Healthcare, Inc., or Facts & Comparisons (a Wolters Kluwer Health, Inc., Company) for calculating payments to the licensed provider. Insurers must update their source at least monthly.

(6) The worker may select the pharmacy, except for claims enrolled in a managed care organization (MCO) where pharmacy service providers are specified by the MCO contract.

(7) Except for sections 2, 3, 4 and 6 of this rule, this rule does not apply to a worker's direct purchase of prescription medications, and does not limit a worker's right to reimbursement for actual out-of-pocket expenses under OAR 436-009-0025.

(8) The insurer shall pay the retail-based fee for over-the-counter medications.

(9) Drugs dispensed by a hospital (inpatient or outpatient) shall be billed and paid according to OAR 436-009-0020.

Appendix A 436-009-0030

Insurers are required to report medical bill payment data on all payments made during each quarter for medical services as defined in OAR 436-010-0005. Insurers must submit medical bill payment data no later than 45 days after the end of each quarter, as shown below.

QUARTER	MONTH OF PAYMENT	DUE NEXT
First	January, February & March	May 15th
Second	April, May & June	August 14th
Third	July, August & September	November 14th
Fourth	October, November & December	February 14th

Technical Requirements: Medical bill payment data for each quarter calendar year must be transmitted as an individual file. Insurers transmitting data for more than one insurer may batch multiple insurer data files in one transmission. Data must be transmitted in electronic text files by secure file transfer protocol (SFTP) using the secure shell (also known as SSH) protocol. Contact the Information Management Division (IMD) to arrange submission of files by SFTP. The record length must be fixed, 129 bytes, no packed fields, and in conformance with the records layout in Appendix B. Contact IMD for e-mail cover letter instructions. The cover letter must include the following: a list of all insurance companies' data included in the transmission; number of records; a contact person's name, address, and telephone number; the quarter being reported, and any known problems with the data.

Data Quality: The director will conduct electronic edits for blank or invalid data. Required reporting insurers are responsible for pre-screening the data to check that all the required information is reported. Files which have more than five percent missing or invalid data in any field, based on initial computerized edits, will be returned for correction and must be resubmitted within three weeks (21 days) from the date it was returned by the department.

Special Requirements

The medical bill payment data must include all payments made during each calendar quarter for medical services. The following apply:

Hospital Inpatient: Each hospital inpatient stay should be reported as one record summarizing all services related to the inpatient stay using provider type "HI." Report ICD-9-CM procedure code in the service code field.

Hospital Outpatient: Report at the individual service-code level using provider type "HO." A service code, whether CPT[®], HCPCS or other, is required on all "HO" records in addition to the ICD-9-CM diagnostic code.

ORDER NO. XX-XXX

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION**

***Proposed* OREGON MEDICAL FEE AND PAYMENT RULES**

UPIN: The unique provider identifier number (UPIN), is a six-position alphanumeric identifier that is assigned to all Medicare physicians, medical groups, and non-physician practitioners. Left justify the UPIN and follow with blanks.

ICD-9-CM Diagnosis Codes: The International Classification of Diseases (ICD-9-CM) diagnosis code(s) must appear on all records where the provider type is chiropractor, hospital inpatient, hospital outpatient, medical doctor, osteopath, physician's assistant, or registered nurse practitioner. The primary code must be supplied first and, if available, the secondary code should be supplied.

Service, Drug, or Procedure Codes: Report the Physicians' Current Procedural Terminology (CPT®) code or other applicable code from the Oregon Medical Fee and Payment Rules: for example, "99201". On payments for durable medical equipment, report the appropriate HCPCS code: for example, "E0110". On payments for pharmaceuticals, report the eleven-digit National Drug Code (NDC): for example, "61392054230". On hospital inpatient services, report the ICD-9-CM procedure code: for example, "81.97". If reporting a hospital outpatient service, you may report the appropriate hospital revenue code: for example, "450". All codes must be left-justified and followed with blanks, as necessary, to comply with the required record layout format.

Modifier Codes: All adjustments to payments need to be associated with specific services.

- Use modifier 'SG' to identify ambulatory surgical center facility charges.
- Use modifier 'NT' (no time) on bills from a surgeon or attending physician administering a local or regional block for anesthesia during a procedure.
- Use modifier '50' when a surgical procedure is performed bilaterally for the second side.
- Use modifier '81' on bills for services by a physician assistant or nurse practitioner.
- Use a "zz" modifier when billing electronically for services that use Oregon Specific Codes.
- For a refund payment, repeat the record exactly as originally reported but enter payment and charge amounts as negatives (put minuses in the sign fields) and put "RF" (for refund) in the modifier code field.
- Adjustments that result in a partial refund or additional payment for a service that has already been paid should be coded with "DC" in the modifier code field.

Number of units or services: Report the number of time units paid on each time-based service such as anesthesiology and therapeutic procedures. For example, where base time unit equals 15 minutes (anesthesia, CPT® 97110, 97530, etc.), one hour of service equals "04" units. Where base time unit equals one hour (CPT® 97546), two hours of service equals "02" units. Also report the number of services if multiple, identical services to a patient are bundled into one record. For example, three whirlpool treatments (CPT® 97022) equals "03".

- 3) — The data must include all payments made during the previous 90 days for medical services.
- 4) — Technical Requirements: See Division 160, EDI Filing Rule and the Oregon EDI Medical Bill Implementation Guide for specifications on the Secure File Transfer Protocol (SFTP) requirements.
- 5) — Data Quality: The director will conduct electronic edits for blank or invalid data. Affected insurers are responsible for pre-screening the data they submit to check that all the required information is reported, and is formatted correctly. See 436-160-0090, Acknowledgements, for a description of the acceptance/rejection protocol for all reported medical bills. The insurer is responsible for correcting and resubmitting all rejected transactions for which law or rule require filing, reporting, or notice to the director.
