**BULLETIN NO. 247 (Rev.)
Sept. 22, 2009**

TO: Certified managed care organizations (MCOs) and other interested parties

SUBJECT: MCO quarterly reports

EFFECTIVE: These reporting requirements apply beginning fourth quarter 2009 (October through December), and are due Feb. 16, 2010. Submit subsequent reports within 45 days of the end of each calendar quarter.

This bulletin describes the format for certified MCOs to submit quarterly reports to the Department of Consumer and Business Services under OAR 436-015-0040(4). The division revised this bulletin to add the following sentence on page 3 under Technical Specifications no. 3: "If a provider does not have an NPI number, insert 9's in this data element field." We also updated division contact information. No other changes were made. This bulletin replaces Bulletin 247 issued Sept. 24, 2008.

The department uses information about each MCO's provider panel to make sure there is adequate provider access and coverage in each MCO's authorized geographic service area (GSA). Other uses for the provider panel data may include medical outcome studies and reports to the Oregon Legislature.

Format each quarterly report as described in the attached "RECORD LAYOUT FOR DATA EXCHANGE" and "Technical Specifications." Submit the data by file transfer protocol (FTP), or e-mail to: mcob247data.wcd@state.or.us. If you would like to discuss other data submission options, call the Information Management Division at 503-378-8254.

If you have questions about information reporting, call 503-934-6018 [**new number: 503-947-7606**].

Technical Specifications

- ¹ Use provider category code from Table 1 on page 4. Report only individual providers; exclude hospital inpatient and outpatient facilities, laboratories, clinics, classes, etc. If provider is licensed and actively practicing in more than one category, create a new record (new line) for each provider/category/specialty combination and repeat all the information about the provider on each line.
- ² Report the provider specialty code if the provider category is MD. Use code list from Table 2 on page 4.
- ³ Report the national provider identifier (NPI) of the individual medical service provider. *If a provider does not have an NPI number, insert 9's in this data element field.*
- ⁴ Street address of provider's office. If provider has offices in more than one GSA, create a new record (new line) for each provider/address combination and repeat all the information about the provider on each line. If provider has multiple offices in the same GSA and provides services under the same provider category, list only one address in each GSA. If unsure about whether two offices are in the same GSA, call the MCO program at **503-934-6018**.
- ⁵ Use ZIP+4 where known. If last 4 digits are not known, leave the spaces blank. Do not include a dash or parentheses in the ZIP code.
- ⁶ The telephone number includes the area code. Do not include a dash or parentheses in the telephone number.
- ⁷ Code Y if the provider is an attending physician under OAR 436-010-0005; otherwise code N.
- ⁸ Federal tax identification number.
- ⁹ CenturyYearQuarter: for example, the 3rd quarter of 2008 (July-Sept.) would be coded as 20083.
- ¹⁰ MCO certification numbers are provided below.

The submitted data should contain a plain ASCII text file for the membership data according to the record layout on page 2 of this bulletin. Please do **not** compress the file. Name the membership data file MEXXXXXX.YYQ where XXXXXX is the MCO's WCD MCO certification number as listed below, YY is the last two digits of the year, and Q is the quarter reported. For example, if the MCO is Oregon Health Systems, Inc. and the 3rd quarter of 2008 is being reported, the membership file name would be ME910205.083.
